7. New Findings of the Thesis:

Firstly, based on the concept of the Bac Ninh Provincial Party Committee leading the acceleration of industrialization and modernization and its practical application, the thesis establishes a specific content of the Bac Ninh Provincial Party Committee's leadership in promoting industrialization and modernization that is unique to Bac Ninh province today: Leading the leveraging of advantages, creating a favorable environment to attract domestic and foreign investment; building and implementing projects and programs to accelerate industrialization and modernization in the province.

Secondly, based on an assessment of the current situation of the Bac Ninh Provincial Party Committee's leadership in promoting industrialization and modernization in Bac Ninh province, the thesis draws two profound lessons: ***Firstly***, in the process of leading the promotion of industrialization and modernization, the Provincial Party Committee ensured comprehensive and synchronized leadership, but with a focus on key areas; demonstrating high political determination, great

effort, and decisive action. *Secondly*, it concentrated leadership efforts on attracting and selecting investors to develop industries that utilize modern technology, have high labor productivity, save energy, and have minimal environmental impact.

Thirdly, the thesis proposes two breakthrough solutions to strengthen the leadership of the Bac Ninh Provincial Party Committee in promoting industrialization and modernization: Firstly, the Provincial Party Committee should focus on leading efforts to improve the investment environment, selecting and attracting investors to develop industries with new, high-tech, low-emission, and energy-saving technologies. Secondly, it should establish regulations for close leadership and guidance, and adopt a focused and decisive leadership style to address breakthrough and key tasks in the process of promoting industrialization and modernization.
